

SOURCE PRIVÉ

TEXTILE & APPAREL SOURCING

OUR STORY

Source is our starting point: the right materials and manufacturers for each collection.

Privé expresses focused attention, discretion and an approach shaped around each client.

Based in Portugal and Pakistan. Built around your brand.

Our approach grows from hands-on work in sourcing, product development and production coordination. We start by understanding your product, quality, budget and timeline, then connect the right materials, manufacturers and technical details.

OUR MISSION

To turn your ideas into production-ready products through carefully chosen suppliers, clear briefs and personal support, from first samples to quality control.

OUR VISION

To build lasting partnerships between brands and makers, where trust, transparency and consistent quality carry from one collection to the next.

Our Services

Fashion Designs + Sketch & Tech Pack

Our team can provide you fashion designs, technical sketches and full production tech packs.

Sourcing

Our sourcing team will start searching for the right materials, fabrics and certified yarns.

Sampling

For each order we create a prototype for your approval before bulk production begins.

Our Approach.

Production

Clothing production in Portugal where your ideas come to life with artisan craftsmanship.

Quality Control

All stages are quality checked to ensure the highest international luxury standards.

Labels, tags, packaging

We offer sustainable customized labels, tags and eco-friendly packaging solutions.

Dedicated to
your brand.

Clarity at
every step.

Care in
every detail.

Transparency. Precision. Trust.

We communicate openly, make honest commitments and give every detail the attention it deserves.

We build dependable partnerships through a consistent process, from the first brief to every repeat order.

Textiles & Apparel

Denim

From fabric and fit to washes and finishing, we develop denim with close attention to construction and detail.

Jersey & knitwear

Materials and garment development centred on comfort, fit and performance, with clear specifications for trims and finishing.

Home textiles

Bed linen and textile products developed for their intended use, with materials selected for feel, function and quality.

Outerwear

Jackets and coats developed with attention to fabric, structure and fit, with practical details and considered finishing.

Leather

Leather garments developed around material selection, cut and construction, with care for texture, fit and finishing.

Accessories

Caps and tote bags developed with attention to materials, construction and finishing, with details tailored to your brand.
